Weather.pm - Module

- **Complex data structure to hold the data required for this program**
- **Various functions to generate the report**

Program outline

Weather.pm - Module

- Complex data structure to hold the data required for this program
- Various functions to generate the report

weather_report.pl - Perl program

Program outline

Weather.pm - Module

- Complex data structure to hold the data required for this program
- Various functions to generate the report

weather_report.pl - Perl program

- Makes use of this module file to give the required output

Summary

We have seen a

Summary

We have seen a

- sample Perl program

Summary

We have seen a

- sample Perl program
- by covering main topics of our previous tutorials

Assignment

- 1 Write a similar Perl program **employee_report.pl** for displaying employee salary, designation, department, leave_balance details.
- 2 Pass Employee ID or Employee name as input.
- 3 Write the required functions in the module **Employee.pm** file.

About the Spoken Tutorial Project

- Watch the video available at http://spoken-tutorial.org/What_is_a_Spoken_Tutorial
- It summarises the Spoken Tutorial project
- If you do not have good bandwidth, you can download and watch it

Spoken Tutorial Workshops

The Spoken Tutorial Project Team

- Conducts workshops using spoken tutorials
- Gives certificates on passing online tests
- For more details, please write to contact@spoken-tutorial.org

Acknowledgements

- Spoken Tutorial Project is a part of the Talk to a Teacher project
- It is supported by the National Mission on Education through ICT, MHRD, Government of India
- More information on this Mission is available at
